Dear Parents and Carers,

I would like to formally welcome you to **OSA's Open Evening 2018**. I encourage you to visit every faculty area during your tour tonight, and talk with our students about the positive impact the changes made this term have had on the school. You will also meet our friendly staff who have fantastic relationships with our motivated and enthusiastic students.

I have been blown away by how responsive and polite the students have been since my arrival and I honestly believe this school is the best kept secret in Hertfordshire. I am hugely ambitious and, having grown up in Hatfield, I am acutely aware of the role this school plays in our local community.

OSA stands for **Opportunity, Success and Ambition** and we are determined to provide opportunities that allow our students to be as successful as possible. We saw real progress in our results last year and our current Year 11 students have made a really positive start to the year. As you can see, we also want to offer our parents as much support as possible as they navigate their child through secondary school, and we offer a number of information evenings, workshops and external speakers to aid this process.

I encourage you to take part in our Open Morning tours as they will provide you with a view of the school 'in action'. You will be able to see a range of inspiring and engaging lessons and ask any specific questions that may help you have a better understanding of OSA.

I am incredibly proud to be the Headteacher of this school and believe that we will go from strength to strength and become the school this community deserves. I hope you will join us at this exciting time in the school's development so we can **achieve success together**.

David Bullock, Headteacher
